PANEL SYSTEMS

Evo 2.5

Frame And Tile, Refined

Open Plan's newest all-in-one system, Evo 2.5, is easy to assemble, stack and modify as needs shift in the modern workplace. Achieve a designer look at an affordable cost.

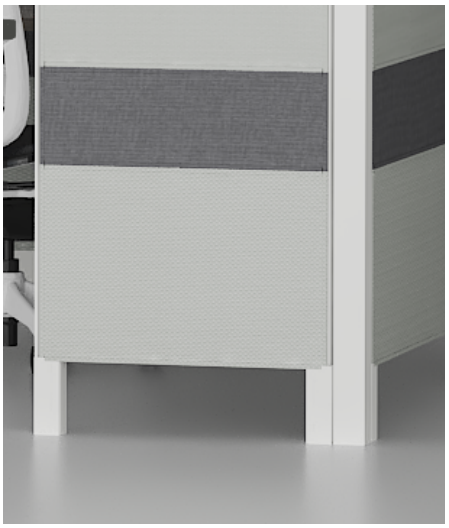
With Evo 2.5, you can choose from a variety of tile finishes to create a custom style. Flexible power options and open base panels are hallmarks of this system. It's frame and tile, refined.

Flexible Power

Enjoy the convenience of beltline and baseline power options, with power available above or below the work surface.

Endless Customization

Enjoy multiple panel heights and tile finishes in fabric, laminate, glass, metal, accessory tool rail, embossed metal, perforated air flow and beltline power.



Open Bases

More light, more style: Evo 2.5 stations can utilize open bases for easy cord access.

PANEL SYSTEMS

Razor Panels

Razor System

Today's Modern Design

Open Plan's Razor System is known for its sleek, sharp edges. Razor's square connectors, flush base and modern design set the tone for the offices of today.

Combine Razor tile and Razor panel options with desking, accessories, storage and seating to complete your designer work environment.

Storage

Our lateral files, pedestals, shelves and overhead storage provide a large selection for high capacity storage. The versatility of lateral files are often overlooked; however, these compact storage units can effectively be used to divide or define your space! Lateral files range from two to three drawers, which are ideal for active filing in workstations, where higher volume capacity is must.
